

7 YEARS
OF GREATNESS

WHO We are.

Founded in 2013, a national company with a global strategy, This gives us advantages in terms of knowing the local culture and market better than others.

“MY TECHNOLOGY” aimed to satisfy the customers from the first day we started, we wanted to include every IT solution possible under one roof. Day after day our company is getting a bigger share in the market due to our great strategy and high quality services we provide

**“1 ROOF
EVERY POSSIBLE
Solution.”**

“PEOPLE’S CHOICE”

“MY TECHNOLOGY” gathered around a professional team to serve it’s customers, customers trust our company more with each day to come, we will not exaggerate if we considered ourselves the best in EGYPT in providing such fast, reliable and professional solutions

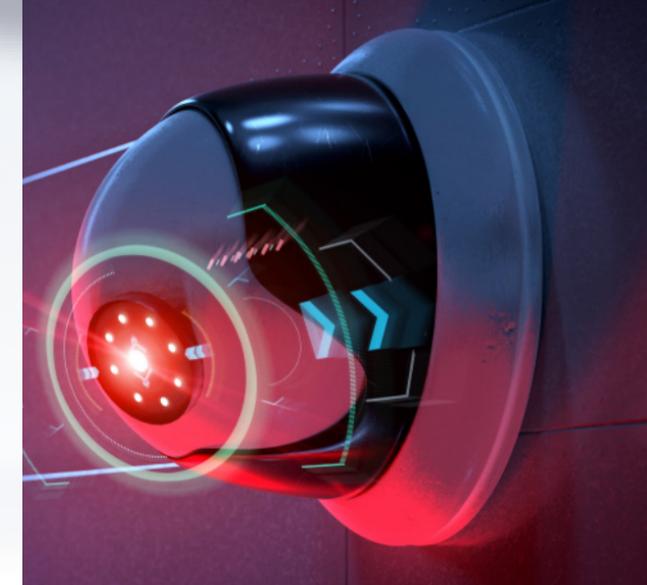

“**WORLD
CLASS
SERVICE**”

OUR SERVICES

“CLOSED CIRCUIT TV”

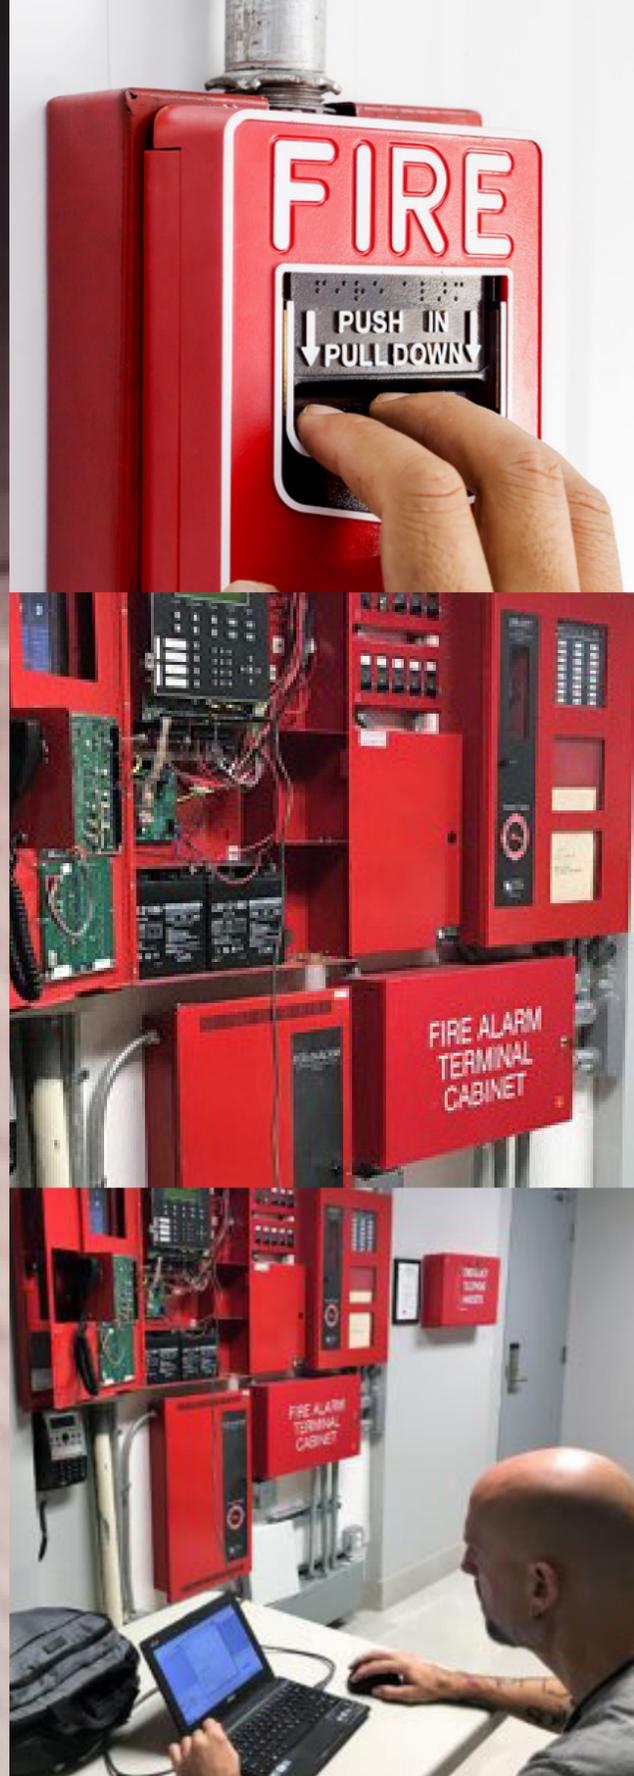

CCTV, also known as video surveillance, is the use of video cameras to transmit a signal to a specific place, on a limited set of monitors.

MY TECHNOLOGY systems are well known for its stability, liability and privacy. we make you the eye in the sky.

“FIRE ALARM”

We choose the right fire alarm system suitable for your company to ensure that your company gets the best suitable fire alarm at the reasonable price. We build reliable fire alarm system to ensure that your company stands in the fire crisis and survive it.

“FIRE FIGHTING”

With more than five years we had no accident in our fire systems, we keep your company instruments ready and always checked for flows. we make sure that in the right moment you find a system that acts and eliminate threats.

“LIGHTING SYSTEMS”

We can provide suitable lighting environment for your home, office or factory. we only deal with the best contributors in the market so we ensure our client a top line services and products.

“NETWORK INFRA STRUCTURE”

We provide the communication path and services between users, processes, applications, services and external networks/the internet. Using top market brands equipments and mix it with the highly trained stuff to achieve outstanding outcomes and one of a kind systems.

“PBX SYSTEMS”

Private Branch Exchange is a private telephone network used within a company or organization. The users of the PBX phone system can communicate internally (within their company) and externally (with the outside world), using different communication channels like Voice over IP, ISDN or analog. And we do it better than anyone in EGYPT.

“PUBLIC ADDRESS”

we build the best there is in public address systems. We use the best products and bring the best team up to build the system your company need. We build systems so great it allows you to hear your own heart beat.

“Intrusion SYSTEMS”

If you are on a constant traveling schedule and you keep your valuables at home or your office, getting an intrusion system is a must for you. MY TECHNOLOGY provides a reliable, updated and secure systems that would keep people's out from your places.

“ACCESS CONTROL”

We have made access control systems for many companies, using high quality products and high quality services we have managed to increase our customers each day.
your places are private and we make sure to keep it that way

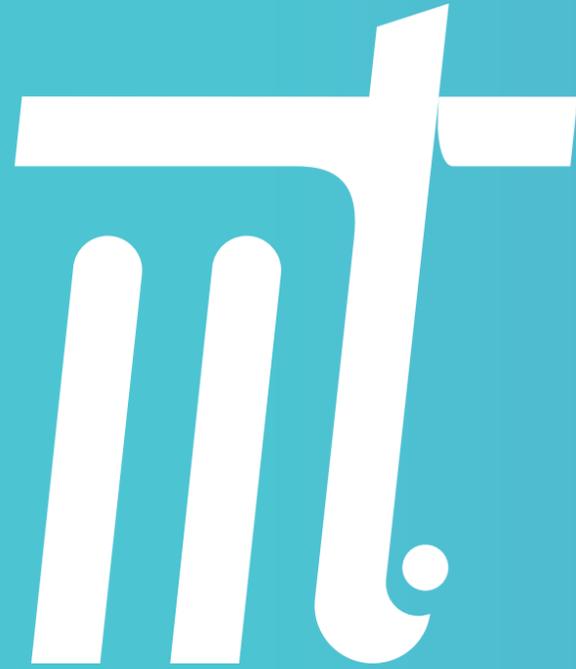

“MASTER ANTENNA TV”

MATV, nothing bothers us more than an unstable sTV signal, using the best equipments and the highest trained crew, we managed to keep our service at a world class.
